Create a Creature

Created by 5E students Davin Tam, Kitty Chen, Mimi Fuk, Vincent Cheuk

Vidakimi is a strange creature. It has a long face with five white eyes, a long snout and a big jaw with terrible teeth. It has a wide body with twenty strong arms and six long legs. It is brown. It also has two wings on its back.

It can live anywhere, but it mostly likes living in black holes. Its favourite food is the homework of Tsz Wan Shan Catholic School's primary 5 students. It also drinks 6-8 glasses of lava every day.
